2008/2009

# A WORD FROM THE CHAIRPERSON, BOARD OF TRUSTEES

## CATHY WARNER

During my time on the MacKenzie Art Gallery Board of Trustees it has become evident that the MacKenzie is known nationally as a gallery that offers exhibitions and programs for people from every walk of life. Over the past year (2008/2009) the Gallery focused on local artists featuring a number of exhibitions of work from our permanent collection. Summer exhibitions such as Kent Monkman's *Miss Chief: Shadow Catcher*, Dorothy Knowles: *Watercolour Portraits of Saskatchewan*, and *Captured: Portraiture and the Permanent* explored and challenged traditional ideas about the definition of portraiture.

At the MacKenzie we take pride in helping to gain exposure for and nurture the development of talented local artists, including emerging artists. In June, Saskatoon artist Wally Dion, showcased portraits from his *Red Worker* series and his new circuitry board "Starblankets". As time passes Dion's work continues to gain attention and momentum.

In the Fall of 2008, the MacKenzie received its largest exhibition sponsorship ever from Casino Regina for *Bob Boyer: His Life's Work*. This exhibition was the first major retrospective of Bob Boyer, a nationally and internationally renowned artist, art historian, curator, educator and past Board member of the MacKenzie Art Gallery. In September, Casino Regina was the presenting sponsor of a Powwow which took place in the park behind the MacKenzie, representing a celebration of the wonderful contributions of Bob Boyer to both art and life.

We finished the year with the exciting new-media exhibition *Projections*, the first major exhibition in Canada to focus on the rich history of experimentation with slide, film and video that characterized contemporary art from the 1960's to the present. We were proud to be one of the few galleries in Canada able to host such an ambitious exhibition.

To support the year of wonderful exhibitions, members of the Gallery staff were busy presenting exciting programming for the community. Over 11,000 children attended our school programs and more than 10,000 people attended our public programs. Thanks to the generous

support of our public and corporate funders as well as our private supporters, the MacKenzie is able to provide such programs at no charge to the public. We continue to work diligently to diversify our revenues. This is accomplished through sources such as The Gallery Shop, facility rentals, and our two major fundraising events; the Gala Art Auction and BAZAART.

Finally, 2008/2009 was a year of change for the MacKenzie and the provincial arts community. After 12 influential and ground-breaking years, MacKenzie Director Kate Davis moved on to new challenges. Kate has been a central figure in Saskatchewan and across the national scene for more than a decade, and her passion, vision, expertise and friendship have helped to shape the MacKenzie Art Gallery we know today. On November 1, 2008, the MacKenzie hosted the Gala Art Auction in honour of Kate. This fundraising farewell raised \$50,000 for the Gallery, of which \$20,000 was earmarked for the MacKenzie's art acquisition program, contributing to a wonderful legacy that will benefit the community for years to come.

We have had a year full of change and excitement and next year is full of potential, promising to be even more dynamic. With new Executive Director, Stuart Reid, at the helm, we are anticipating great things to come. To our community, thank you so much for the commitment you have shown and continue to show. This is YOUR Gallery!

## Auditors' Report

To the Members of MacKenzie Art Gallery Incorporated:

We have audited the balance sheet of MacKenzie Art Gallery Incorporated as of March 31, 2009 and the statements of fund balances, fund revenue and expenses, including supporting schedules, and cashflows, for the year then ended. These financial statements are the responsibility of the Gallery's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion these financial statements present fairly, in all material respects, the financial position of the Gallery as at March 31, 2009 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.
